

ARCHITECTURAL design studio 6

03

in parallel btween E4 & OP
in architectural design

levels of architectural design

balance - orientation

1 level of surrounding
continuity or/n change

2 level of site
building - context

3 level of form
structure - relation

4 level of shape
skin - cover

5 level of sustain
energy - waste

- d living order
 - homeostatis
- responsiveness
- separation [in-out]
- resource f energy

OP PONTER[S]

- dominating pattern, position
- zoning framing, circulation, massing
- mass encloser

- skin cover
- continuity activity

1 level f surrounding

continuity or/n change

OP

E 4

dominating existing pattern

sundial

site position

movement f wind

contour

frequency f rain

2 level f site

building[`text`] - context

OP

E 4

zoning - framing

living order

system f circulation

self shading

massing

passive building

3 level f form

structure - relation

OP

E 4

composition f mass encloser

responsiveness

composition f elements

active building

4 level f shape

skin - cover

OP

E 4

composition f whole skin

separation - double skin

composition f elements

intelligence facade

5 level f sustain

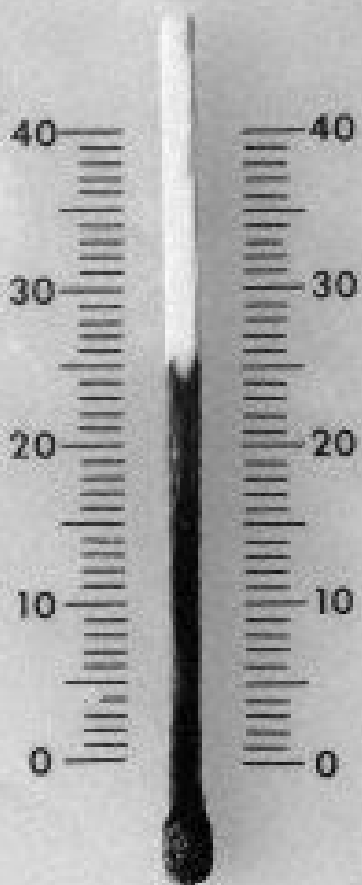

energy - waste

OP

E 4

continuity activity

nature energy resources
